

IWOXX ComTrace V.5.1 - Release Notes 20.06.2022 (ENGLISH)

INC/REQ/CHG	Priority	Problem/Solution
-------------	----------	------------------

Resolved issues:

INC220610001	[2] Critical	<p>The data of a trigger are not stored or displayed properly. 0x80F3 becomes 0xFFFF80000000F3.</p> <p>This is due to a misbehavior of a conversion routine that erroneously generates an 8-digit HEX value from a single-digit ANSI character. Triggers are now stored and read in HEX format.</p>
